

Kingsbridge Trades Insurance Package

All your cover in one policy

Why do I need business insurance?

Insurance can be a financial safety net against the risks you face day-to-day. From protecting your gear, to safeguarding the brand you've grafted to build, the right cover can:

- **Offer financial protection** for stolen tools, accidental damage or project disruption
- **Give peace of mind** if something did happen, insurance has your back
- **Support faster recovery** so you can get back to business
- **Build client trust** by showing you take risks seriously and satisfy any contractual requirements

Public Liability

Can provide cover when a third-party is injured or you cause damage to third-party property.

Goods & Tools cover

Can cover the costs to repair or replace tools that are stolen or damaged following fire or theft (with signs of forced entry).

Employers' Liability

A legal requirement for any business that employs anyone.

Can cover legal and compensation costs for claims from employees who are injured or get ill due to their work for you.

What Kingsbridge can offer

- **Up to £2.5k tools cover** included as standard
- **Cover for tools stolen from a van overnight,** subject to policy terms
